

HCMC WA Pre-Modern Class.

The Pre Modern race class catered for by the HCMC is to encourage riders into Historic racing. Pre Modern is not currently a Historic Class as defined by Motorcycling Australia.

Pre Modern bikes up to Dec 30 1997 can enter a HCMC race meeting and they will be fitted into one of the race classes. The intent is that if/when a new category of Historic bike is created by MA, Period 7 for example, the new category bikes should get log booked and enter the appropriate Historic class.

Pre Modern bikes will continue to be combined with either Historic classes or Moderns at the discretion of the HCMC's race program organisers and Race Officials. Pre Modern bikes must be prepared for racing in accordance with the Road Race rules defined in MA's Manual of Motorcycle Sport.
